

Prayer Service For President, Gov't Officials

Worship An Annual
Tradition for
Opening of Congress

WASHINGTON (AP) — President Eisenhower joined congressmen, Cabinet members, Supreme Court justices and other high government officials today at a service of prayer and Holy Communion on the occasion of the convening of Congress.

The worship service was held at the National Presbyterian Church under the auspices of the General Assembly of the Presbyterian Church, the National Council of Churches and the Washington Federation of Churches. The service is an annual tradition.

Mr. Eisenhower arrived at the church a few minutes before 7 a. m. CST with chief assistant, Sherman Adams. They sat in a third row and listened to a series of prayers of intercession said by five pastors, including the Rev. Edward L. R. Elson, minister of the National Presbyterian Church where the President customarily worships.

Secretary of State John Foster Dulles, an elder of the National Presbyterian Church, served communion to the chief executive. A number of senators and representatives, who are elders in either the National church or other Presbyterian churches, served communion to the rest of the congregation which was admitted to the church by invitation only.

The use of invitations at this annual service is necessary to control the size of the crowd.

Mr. Eisenhower heard prayers for his own health, welfare, wisdom and strength, prayers for members of the House and Senate, for the national welfare and a special prayer for the comfort and freedom of oppressed peoples in Poland, Hungary and in any other nation where freedom is suppressed.

The service lasted nearly 45 minutes. Afterwards, the President posed briefly for pictures on the church steps with the officiating clergymen before returning to the White House for a meeting of the National Security Council.

Return Purse Left In Local Cafe by Arkansas Woman

On December 29 Mr. and Mrs. Duce W. Jones, Atkins, Ark., were in Harrisburg and had dinner at Schnierle's cafe. When they were some 100 miles distant from Harrisburg Mrs. Jones noticed that she did not have her purse with her. She recalled having it at the cafe, but couldn't remember the name of the cafe, except that it had a German sounding name.

In a letter to the Harrisburg police department she explained all this and said that her husband was presently to enter United States military service as a lieutenant at Seattle, Wash. He was due there on Jan. 5.

A check was made by the police department of Harrisburg eateries, and the missing purse had been found at Schnierle's by Mrs. Anna Grace Cummins, who is head waitress at the cafe, and was waiting for it to be claimed by the owner. It was en route today to Mrs. Jones.

Exhaust Three Panels In Attempt to Select Jury in Circuit Court

Three panels have been exhausted in examination to select jurors to hear a case in circuit court in which Eugene Potts is charged with statutory rape. At 10 a. m. today only four of 28 examined had been accepted and sheriff's officers were summoning another panel. Seven had been tentatively accepted, according to Circuit Clerk James Burroughs.

Presiding at the examination of prospective jurors was Judge C. Ross Reynolds. James B. Woolard is the court bailiff.

There is no docket setting for this term of court, but one other case will be tried, if the Potts case is disposed of in time, according to Assistant State's Attorney Harry McCabe.

Final Figures Show Sharp Dive In Auto Production During 1956

DETROIT (AP) — American auto production nose-dived sharply in 1956.

The drop was outlined Wednesday when final production figures for 1956 were released by General Motors Corp., Ford Motor Co., Chrysler Corp., American Motors Corp., and Studebaker-Packard Corp.

The drops, compared to 1955 production figures, ranged from more than 20 per cent for General Motors and Ford to about 34 per cent for Chrysler.

GM turned out a record 4,649,276 cars and trucks in 1955 but only 3,699,144 units in 1956 for a 20 1/2 per cent drop.

Hardest hit were GM's medium priced models as Pontiac production slipped about 45 per cent and Oldsmobile and Buick both dropped about 30 per cent. Chevrolet was down 12 per cent and Cadillac 8 per cent.

Ford turned out 1,764,524 cars in 1955 but only 1,373,542 last year for a drop of about 24 per cent. In 1956 Ford built 297,308 trucks compared to 373,897 in 1955. Ford showed slight gains in 1956, however, in its Lincoln and Continental lines.

Chrysler had the biggest slip among the auto industry's "big three."

In 1955 Chrysler built 1,437,452 units but only 961,644 in 1956 with the Plymouth line being hardest hit.

Production also slipped among the auto industry's smaller builders.

Studebaker-Packard turned out 109,453 units in 1956 compared to 200,391 in 1955 while American Motors assembled 103,752 last year as compared to 167,790 in 1955.

A price increase of \$4 a ton was announced Wednesday by the Abitibi Power and Paper Co. Ltd. in Toronto, Ont. Several other paper producers indicated they have been considering price increases. The increase, if it becomes general, would be at least the 14th since 1933.

In 1933, newsprint cost \$41 a ton. Abitibi's increase would bring its price to about \$134 a ton.

U. S. and Canadian newspaper publishers were concerned over the Abitibi announcement. A member of the Senate Commerce Committee which has been investigating the newsprint industry called for joint action by the United States and Canada or legislative action if necessary. The Federal Trade Commission said it was looking into the possibility of antitrust action.

Abitibi said its increase was due to higher costs, particularly increased freight costs. The price boost, the firm said, came "only after long and careful consideration" and would only partially offset the higher costs.

TOKYO (AP)—Tokyo was rocked by an earthquake today at 3:55 a. m. EST. Buildings in the downtown area trembled.

Mrs. Paley, Duchess of Windsor and Princess Grace Top Best Dressed Women

NEW YORK (AP) — Two of the hardest perennials won and placed as the best dressed women of 1956 today and a relatively new addition, the American Princess of Monaco, showed.

Mrs. William S. Paley, who has been prominent on the list for 11 of the past 16 years, topped for the fourth consecutive year the list of best dressed women compiled by the New York Dress Institute.

Mrs. Paley, wife of the chairman of the board of Columbia Broadcasting System, is the former Barbara Cushing of Boston.

Miss Grace Kelly of Philadelphia and Hollywood tied with Mrs. Paley for first place last year. Miss Kelly, now Princess of Monaco, was nosed out for second place this year by another American bride of royalty, the Duchess of Windsor, who first appeared on a best dressed list in 1935

as "Mrs. Ernest Simpson, often seen with the prince of Wales." The princess was third.

Others on the list: Mrs. Winston Guest, the former Lucy Cochrane of Boston, fourth. Hollywood's Marlene Dietrich and Audrey Hepburn tied for fifth.

Mrs. William Randolph Hearst Jr., of New York, sixth. Countess Consuelo Crespi, of Rome, the former Consuelo O'Connor of New York, seventh.

Rosalind Russell, of Hollywood, eighth. Princess Margaret and her aunt, the Duchess of Kent tied for ninth. Madrid's Countess of Quintanilla, the former Mary Elaine Griffith, of Rockland County, N. Y., 10th.

Mrs. Henry Ford II, of Detroit and New York, 11th.

Countess Mona von Bismarck, of Paris and Capri, 12th.

New Traffic Lights Ready For Testing

Harrisburg's new traffic lights at the intersection of Rts. 13 and 34, or the corner of Poplar and Main streets, are now in place and ready for inspection and testing by the engineers from District 9, Division of Highways, according to Morris Skaggs of the Skaggs Electric Co., by which they were installed.

It is reported that a traffic test will be run as a part of the acceptance procedure.

In preparation for operation of the new traffic signals, the city has changed to parallel parking all around the square except the north side and in front of the Clinic building on East Poplar street. This necessitated the removal of 17 parking meters, which will be moved to the two parking lots which the city has planned to provide. One of these between Cherry and Mill street on Locust and which is already in use, although no meters are up yet. It will be bituminous surfaced and the meters erected before spring, according to Ross Lane, chief of police.

The other lot will be on West Poplar street, where the Kurto market is now situated. Mr. Kurto is to move to a new market building on U. S. 45 just south of the city limits, which is nearing completion, and which he will occupy when approaches are ready.

Change to parallel parking in front of the Clinic building removes a definite traffic hazard, the police chief said. Getting out of a parked position there was a risky business under diagonal parking.

John T. Jones, 67, Of Galatia Dies

John T. Jones, 67, of Galatia died this morning in the Pearce hospital in Eldorado where he had been a patient for a week. He was a retired miner, last working at Peabody 47.

The body lies in state at the Courtney funeral home in Galatia and funeral plans are incomplete.

He is survived by his wife, Pearl; and the following children: Velma Blakeley, Houston, Texas; Lilburn Jones, Manteno, Mrs. Helen Harris, Galatia, Mrs. Wanda Siedschlag, Beverdam, Wis.; Jack Jones with the U. S. Army in Germany; and Miss Norma Jean Jones, Peoria; three sisters, Mrs. Jessie Nicin, Chicago, Mrs. Mae Miller, Ft. Lauderdale, Fla., Mrs. Cora Teek, St. Louis, Mo.; two half brothers, Alsey Jones, St. Louis, Lawrence Jones of Benton; two half sisters, Mrs. Lennie Bundy, Benton, and Mrs. Lena Thomas, St. Louis, Mo.

**Westbrook Appointed Chief Clerk
Of State Automobile Title Division**

Promotions for current employees. Don Sumay, Beardstown, who has been acting chief clerk of the Title Division, will be returned to his former capacity as assistant chief clerk. The Title Division, Young said, employs about a hundred persons and processes annually from 1,250,000 to 2,500,000 certificates of title and duplicate titles.

He described the transfer of Westbrook to the Title Division as one of the first steps in the Secretary of State's office reorganization.

Westbrook, he said, takes over a post which has been vacant since the resignation of Gilbert D. Blades of McLeansboro in 1954. Blades had served as head of the Title Division under the former Secretary of State Edw. J. Barrett of Chicago as well as under Carpenter during 1953 and part of 1954.

Westbrook received \$850 a month as former head of the Automobile Department where he was replaced recently by C. E. Nelson of Moline.

Young said that Westbrook's transfer was "for the good of the service" in the Secretary of State's office.

Young said the promotion of Nelson from chief auto investigator to head of the Automobile Department and the transfer of Westbrook was part of a reorganization of the Secretary of State's office which is now going on and will be completed in a few months.

The reorganization, Young said, will create some new functions and jobs, some of which will provide

Police Magistrate Warns Offenders to Pay Delinquent Fines

Men and women who have gotten out of jail "on credit" are going to find themselves right back in jail if they don't come in and pay their delinquent fines. This was the order of Police Magistrate V. E. Joyner Jr., whose court has extended as many days of grace to these offenders as it intends to.

Those whose fines are not paid at once, the police magistrate said, will be served with a mittimus and put back in jail.

Emil Naas of Near Ridgway Dies

Emil Naas, 77, died at his farm home on the Eldorado-Ridgway road, five miles west of Ridgway, today at 3:15 a. m.

He is survived by his wife, Anna; four daughters, Mrs. Joanna Ward, Eldorado, Mrs. Leona Abell, Ridgway, Mrs. Ruth Drake, Ridgway, and Mrs. Mary DeVous, Equality; also five sons, Fred Naas, Fort Branch, Ind., Herbert, Raphael and Eugene, all of Equality, and Edward of Ridgway.

The body is at the Smith and Edwards funeral home in Ridgway and funeral plans are incomplete.

No Winner Yet Of Baby Derby

As of noon today there has not been a winner for the annual Baby Derby, an array of gifts which will be given by the Harrisburg merchants to the parents of the first baby born this year in Harrisburg Township.

Two babies have been born at the Harrisburg hospital but both parents are residents of the Carrier Mills township. A boy was born to Mr. and Mrs. Richard King who live in Carrier Mills, and a boy named Donald Eugene was born to Mr. and Mrs. Carl Moore of RFD 1, Harrisburg, in the Carrier Mills township.

However, Mr. and Mrs. Moore were the winners of the layette which was given by Kresge's for the first baby born in this city.

PROBLEMS FOR LEGISLATORS: Major Issues Facing 85th Congress

WASHINGTON (AP) — Prospects for action on major issues facing the 85th Congress:

"Eisenhower Doctrine" — Congress almost certainly will grant the President's request for advance authority to use American troops, if necessary, to block possible Soviet aggression in Middle East.

Schools — The President will push hard for big federal outlays to help communities build public schools. A similar bill failed in the last Congress when an anti-segregation amendment was added.

Negro rights — House passage again seems assured for the administration's four-point civil rights program. But it faces a threatened filibuster by Southerners in the Senate.

Farm — Congress is almost certain to approve an administration plea for relaxed planting controls on corn farmers to avert threatened collapse of their price support program.

Foreign aid — Funds sought by

Mr. Eisenhower probably will be cut sharply. Some lawmakers contend that Congress is more likely to cut funds below the \$3.7 billion granted last year than to boost the outlay to the \$4.4 billion administration will seek.

"Tight money" — This issue will break out on several legislative fronts. The administration probably will touch off bitter fight by asking that interest rates on government-guaranteed mortgages on new "GI" housing be raised to 5 per cent from present 4.5.

Immigration — Legislation to keep U. S. doors open temporarily for Hungarians and other refugees from Communist countries has good chance.

Postal rates — Renewed plea for higher rates to eliminate Post Office deficit faces uncertain future.

Taxes — The average person can't expect any relief. Democratic leaders and administration will oppose general tax relief for fear it will create budget deficit and increase inflationary pressures.

Eisenhower Letter to Bulganin Challenges Russia to Aid Peace

WASHINGTON (AP) — President Eisenhower has challenged Russia to make a "significant" contribution to world peace by pulling its armed forces out of Hungary.

The President sent his challenge directly to Soviet Premier Nikolai A. Bulganin.

He did so in replying to a Nov. 17 letter from Bulganin which called for a five-power "Summit Conference" to end deadlocked negotiations on disarmament.

Mr. Eisenhower rejected the idea of a meeting on disarmament between himself, Bulganin and the prime ministers of Britain, France and India.

To Make Further Proposals — The President said continued negotiations within the United Nations "seem more likely to produce" results and that the United States will make further disarmament proposals there.

He also rebuked what he called Russia's attempt to dismiss as a "slandering campaign" the "world's indignant reaction to the Soviet armed actions against the people of Hungary."

The President told Bulganin that if Russia wants to make "a significant step toward reduction" of world tensions, it should how to a United Nations resolution and pull its troops out of Hungary.

Take Issue With Statement — He noted that Britain, France and Israel have abided by U. N. demands to end the Suez fighting and said Russia should follow their example.

Frank Elliott Rites at Equality

Funeral services for Frank Elliott, Equality resident who died Tuesday night in the Deaconess hospital in Evansville, were held today at 2 p. m. at the Equality Methodist church. Rev. Clifford Potter officiated and burial was in Elmwood cemetery. The A. K. Moore funeral home of Equality was in charge.

Mr. Eisenhower also noted that Bulganin's Nov. 17 letter suggested that the strategic advantage in Western Europe now lies with Russia.

"This statement does not seem calculated to relieve international tensions," the President added. "Moreover, I am convinced in the light of my long association with the North Atlantic Treaty Organization that it is fully capable of carrying out its mission of collective defense" of Western Europe.

The White House made public the text of Mr. Eisenhower's reply to Bulganin Wednesday night.

Eldorado Mail Clerk Retires After 38 Years

George T. Wilson, money order clerk at the Eldorado Post Office, retired from his position at the end of the day's work Monday, after having been employed by the Post Office Department for 38 years.

Wilson started his career with the postal service in December 1913, but resigned in June 1915, to accept a job with the New York Central Railroad at the Eldorado office. He returned to the post office May 1, 1920, and has served continuously since that time.

The retiring postal clerk has worked under six postmasters, John Yost, William Bixler, Charles Wilson, S. C. Galeener, W. T. Warford and G. R. Gampher, the present postmaster.

At the time he started work the Eldorado post office employed three men. Today the staff is 18 and yearly receipts have grown from \$6,000 to \$78,000.

Wilson is an active member of the Eldorado Lions club and is a teacher of the Men's Bible class at Calvary Baptist church.

Rep. Rayburn Is Re-Elected House Speaker

Ohio Senator Casts
Vote for Hayden as
President Pro Tempore

BULLETIN — President Eisenhower will go before a joint session of Congress at 11:30 a. m. CST Saturday to outline the "Eisenhower doctrine" for blocking aggression in the Middle East.

WASHINGTON (AP) — Freshman Sen. Frank J. Lausche nailed down Democratic control of the Senate by voting with his party today in a suspenseful opening session of the 85th Congress.

Democrats organized the House with no trouble. But in the more closely divided Senate there had been anxious moments among the Democrats about Lausche's intentions.

The Ohio Democrat had hinted last summer he might vote with Republicans on organization of the Senate. Had he done so, it would have been possible for President Eisenhower's party to control that chamber.

Both houses convened shortly after 11 a. m. CST, with civil rights and Middle Eastern policy high priority items for early debate.

Northern senators promptly offered a motion aimed at curbing filibusters. A showdown was postponed until 5 p. m. CST Friday when the Senate will vote on a move to table the anti-filibuster proposal.

Rayburn Re-elected Speaker

Not until the actual voting on organization did Lausche definitely commit himself. When he voted with the Democrats for Sen. Carl Hayden (D-Ariz.) against Sen. Styles Bridges (R-NH) as president pro tempore, the suspense was over. The vote was 49-46.

In the House, to nobody's surprise, Democratic Rep. Sam Rayburn was re-elected speaker. Rayburn, to be 75 Sunday, has held that post longer than any other man.

In advance of today's session Senate Democrats picked veteran Sen. Carl Hayden (Ariz.), new "dean" of the Senate in seniority, for president pro tempore to succeed retiring Sen. Walter F. George (D-Ga.).

Senate Democratic Leader Lyndon B. Johnson (Tex.) was re-elected and Sen. Mike Mansfield (D-Mont.) was elected whip to succeed defeated Sen. Earle C. Clements (D-Ky.).

Other nominations by the Democrats included Felton M. (Skeeter) Johnson for secretary of the Senate, Joseph C. Duke for secretary pro tempore, Walter F. George (D-Ga.).

**Motorist Collides
With Fire Truck**

Next to hitting a police car, hitting a fire truck is one thing that few motorists would want to do. It was Everett Gates who had the ill fortune to do so. As the fire truck was entering Poplar street from Cherry to respond to a fire alarm Wednesday morning, Mr. Gates, coming west on Poplar, hit the truck. His automobile was damaged and the front of the fire department truck was slightly damaged. No one was hurt.

Not Many, But Still Dangerous

The point is often made that because the American Communist party constitutes a relatively small group that it's a pretty harmless outfit and we don't have to worry.

It's true, of course, that there isn't much danger of the Communists as a party either winning an American election or seizing the reins of government by force.

But we know full well that U. S. Reds, being in fact agents of the Soviet Union, have done tremendous harm to this nation by stealing its atomic and other secrets. The spy trials and convictions of recent years are spectacular proof.

Now we have a fresh example which, in point of time, is older than the spy cases. It is noted in Don Whitehead's book, "The FBI Story." This is it:

In World War II, our atomic project was so secret the FBI wasn't told of it. But the agency learned of it anyway. How? From Communists they tracked on the West Coast. The Reds knew more than one of our most vital government agencies. Harmless indeed!

New Factors in Politics

Those who are still trying to puzzle out the currents and cross-currents of the 1956 presidential election will get no rest in the campaigns ahead. Population changes promise new line-ups that may again alter the national outlook substantially.

For example, under the law, the 1960 census figures must be translated into more seats in Congress for some states, fewer for others. Present indications are that California, growing apace as usual, may be so bulging with people that it will pick up seven new seats for a total of 37. Florida and Texas, other meccas for migrating Americans, are bound to gain materially, too.

Since the grand total is held at 435, these gains mean that other states must lose. New York, for all its size and its probable population advances, will be moving ahead at a slower percentage pace than the big magnet states. Consequently it may drop two or three of its present 43 seats.

The "status quo" is getting to be a pretty elusive thing in American politics. Movement is so continuous that the dust never seems to settle.

Forecast of Future?

There is possibly much more than ordinary significance in the fact that Vice President Nixon recently made a major pronouncement on the question of aid to Britain and the general status of the Anglo-French-American alliance.

Endlessly during his first term Nixon has served the nation in ceremonial capacities. Occasionally he has been employed to float trial balloons on policy for the Eisenhower administration. Seldom has he dealt so fully with matters of such great moment.

If this is a harbinger of things to come in his second term, then Nixon will be a far bigger factor in the spelling out of high policy than he or any other vice president has ever been before. Diplomats will have to attune their ears to his utterances.

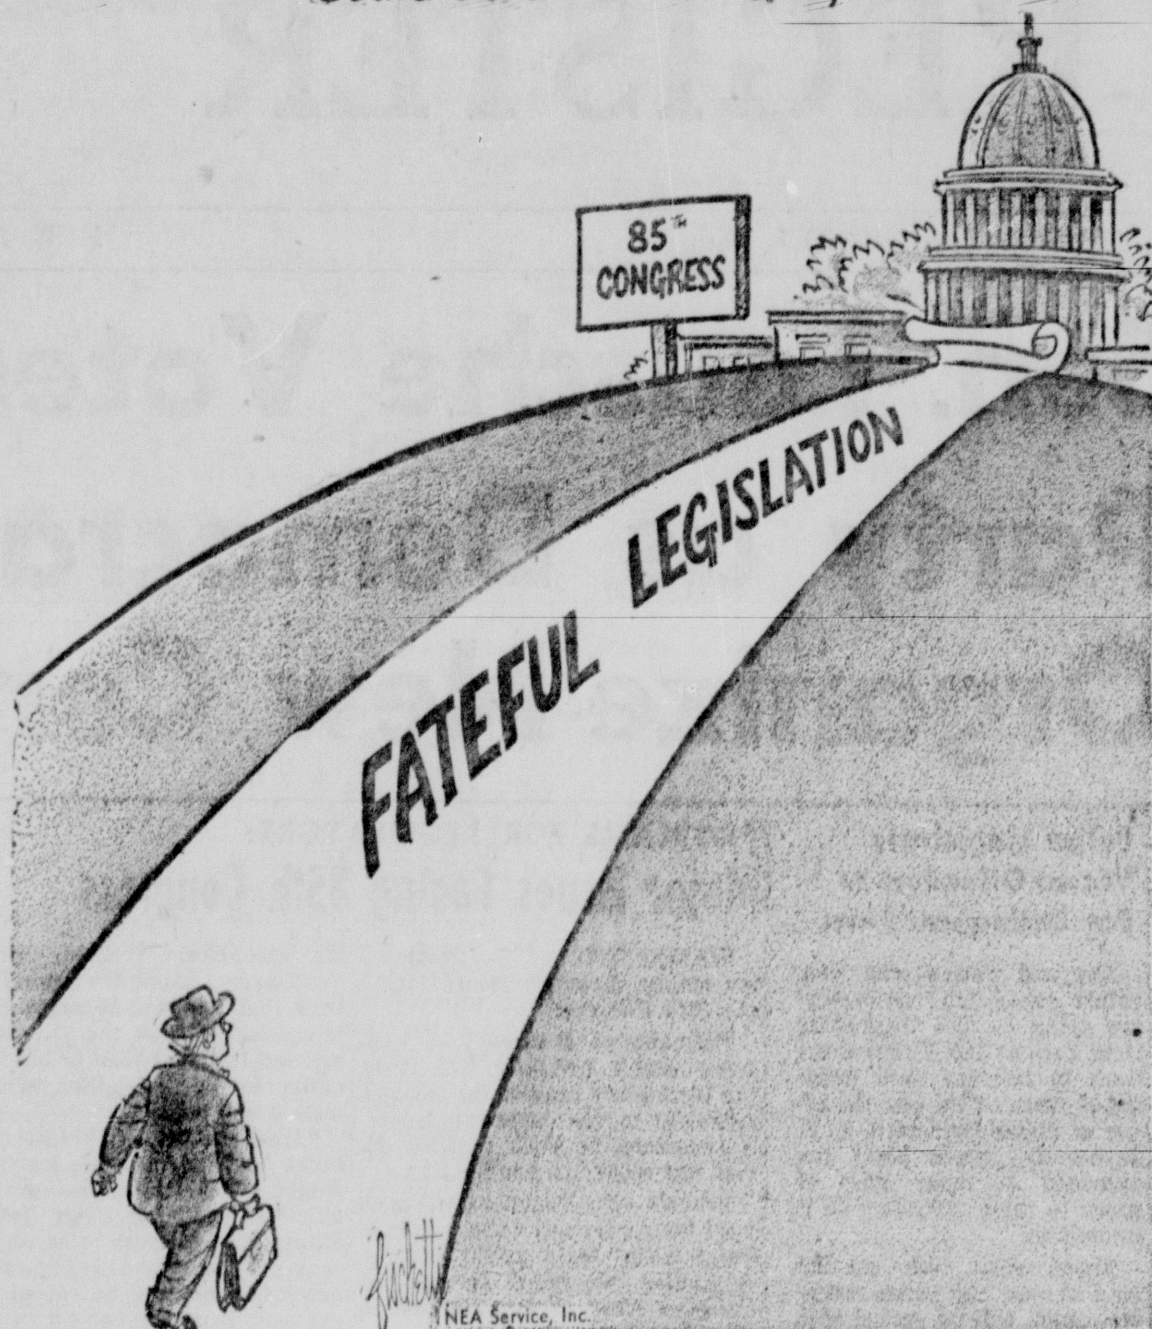

Furthermore, the political effect of such a course can only be to elevate Nixon in public stature, to a point where contesting him for the 1960 GOP presidential nomination will be a difficult chore for his opponents, whoever and wherever they may be.

Thinking It Over

By Robert L. Dieffenbacher, D.D.
(Written for NEA Service)

Reducing diets are popular in a land of plenty, where people have enough to eat. In our land we have more than enough for everyone to maintain minimum bodily needs. Some people have to discipline themselves so that they will not become obese.

Overeating causes many physical difficulties. Likewise, undereating and wrong eating causes ailments which make life unpleasant and of shorter duration. As a nation we use more food than we need for our bodies, but not enough spiritual food for our souls.

Instead of merely working to find the proper median between gluttony and starvation for our bodies, we should give attention to finding the balance between physical satisfaction and spiritual starvation.

Utilities May Double Capacity in 10 Years

NEW YORK (AP)—The nation's electric power industry will spend \$3.5 billion for expansion in 1957, an increase of \$500 million over 1956. Capital outlays are expected to rise to \$5.5 billion by 1965, experts said.

It has been estimated that the industry may double its generating capacity, from 481 million kilowatt hours to around one billion by 1965.

The WASHINGTON MERRY-GO-ROUND

by DREW PEARSON

DREW PEARSON Says: Eisenhower's No-Aggression Declaration Could Bring Peace To Holy Land; Nasser Is Sure To Attack Israel Later; White House Advisers Trimmed Part Of Ike's Ambitious Program.

WASHINGTON. — When you look over the city of Jerusalem, its mosques, its synagogues, its churches, its embattled wall separating the old city from the new, you get some idea of what the President's no-aggression declaration for the Near East could mean — if it's embracing enough.

The air is very clear over Jerusalem and you can see a long way. You can also hear a long way. You can hear the bells ring out in the Catholic church on the side of the Mount of Olives over in the Arab city of Jerusalem. And you can hear the bells in the Lutheran church very close to where Christ was buried.

Perhaps that's why the Wise Men could see his star so clearly nearly 2,000 years ago this very season, and why the angels could be heard so clearly promising peace on earth goodwill toward men.

In that same land today, however, there is no peace. Arab guards pace the ancient wall that separates the old city of the Moslems from the new city of the Jews. Jewish guards inside hidden embattlements keep a constant watch on the Arab wall.

Life continues on each side of the wall. But it's an unnatural life. A Jewish refugee from Algiers keeps a ladder on his balcony to go in and out of his house when the shooting starts. His main entrance faces an Arab machine gun nest. Arab guides stand about the holy places hoping, waiting for the tourists that once made the old city prosperous. A United Nations team escorts caretakers to the beautiful Hadassah hospital on Mt. Scopus — empty, unused, wasted since Arab troops captured a strip of land between the hospital and Israel.

And yet Arab residents inside Israel pay tribute to their freedoms, cooperate with the Israeli government. Alongside the border a Jewish tractor driver spreads fertilizer so close to Jordan that part of the fertilizer blows across to enrich the fields of his Arab neighbors. And the chief rabbi of Israel, Isaac Herzog, quoted to me Isaiah 19th chapter to prove that the Jews, the Egyptians and Syrians could get along with each other.

This is part of the armed tension Eisenhower's no-aggression declaration could cure — if it is embracing enough.

IKE'S AMBITIOUS PROGRAM

On Dec. 10, this column reported: "President Eisenhower plans a huge program to recapture American prestige in the Near East. . . . It will include guarantees to Near Eastern states against attack. The plan is to fill in the economic vacuum in the Near East and Asia caused by the adjustments of outmoded colonialism. . . . Money will be spent on irrigation and various improvements to raise the living standards of Asiatic-African peoples."

This is what administration spokesmen first began leaking to the New York Times on Dec. 23, finally outlined to congressional leaders this week. What they didn't explain was

that originally the President had planned to go much further than the limited plan finally outlined to congressional leaders. Originally he proposed guaranteeing the borders of Near Eastern countries against attack.

This would really bring peace once again to the Near East.

But in the hemming and hawing of private debates in Augusta and the White House, timid advisers feared Ike couldn't sell his package program to Congress. The once ambitious plan was modified to apply only to Russian aggression. However, Russia is too smart to start any aggression of her own in the Near East. The Reds will work through "puppets" as they did with the puppet government of North Korea. Egypt or Syria would be the Russian puppets in the Near East. Yet it would be difficult for the United States to prove this puppet connection.

Obviously the terrific hoards of Russian arms discovered by Israel in the Sinai were put there not for the Egyptian army alone. Egyptian troops didn't have any idea how to use them. They were put there for the future use of a Russian army or a "volunteer" Red Army.

What Ike's timid advisers also don't seem to realize is that Col. Nasser is certain to start war in the Near East — unless held back by a no-aggression threat.

Nasser has promised the Egyptian people a higher living standard and better health, yet has produced nothing. Meanwhile he has hocked his cotton crop for two years in advance. He has acquired a tremendous hoard of arms. But his people can't eat arms. And as the new leader of the Arab world, he has to produce something. The easiest thing for him to produce is war — an attack on Israel.

It was the certainty of such an attack that caused Premier Ben-Gurion to take the initiative and catch Nasser off base.

IKE AS PEACE-MAKER

As one who recently visited the Near East, I would like to urge the President to stick to his original ambitions. I hope he will not be dissuaded by timid advisers around him.

Mr. Eisenhower's greatest goal in his last four years of public office is to make himself a man of peace. His place as a military man is secure. But he can make his place in history greater if he brings permanent peace to this presently chaotic, weary world.

The President has a natural tendency to start with big ideas, then trim those ideas. He shirks a showdown with disagreeable congressmen.

In Augusta, Ga., he started out to make what was described to me as "the most sweeping review of American policy since the end of the war." Out of this review came the original plan for a no-aggression declaration, plus substantial aid to the Near East.

The President should not only stick to his original ideas, but he should go himself to the Near East. His prestige in the Arab world is high. This is the psychological moment for peace — a peace which would safeguard the oil of the Near East from Soviet Russia.

The President is the man who more than any other today has the prestige and position to put across permanent peace — if he doesn't trim.

AND LOVE GOES ON—Mr. and Mrs. Peter Peterson, of Fairview, Utah, each 96, are still very much in love as they celebrate their 78th wedding anniversary. Believed to be the oldest married couple in the country, they have 221 living descendants. President Eisenhower sent them congratulations.

Prospects of 9,000 Enrollment by 1960 Forces SIU to Seek New Buildings

CARBONDALE, Ill. — With the prospect of having at least 9,000 students by 1960 in already overcrowded classrooms and dormitories, Southern Illinois University will ask the Illinois legislature for 12 new buildings and funds to improve present campus facilities.

The bulk of the \$39,319,000 the University will seek from the General Assembly for capital improvements in 1957-59 is for new structures to take care of enrollment growth and to replace army-surplus barracks and dilapidated frame residences in which classes are held.

Nearly \$3,000,000 has been earmarked, however, for completion of buildings already started, and \$1,143,000 for renovating old permanent structures, some of which have not had major overhauling for several decades.

Old Buildings Deteriorate

While Southern's enrollment has been spiraling up to its greatest size of 6,255, much of the capital appropriations funds have had to go into emergency temporary structures. There is nearly 170,000 square feet of floor space in use in temporary quarters. The few new buildings put up in recent years don't come anywhere near meeting the need.

Meanwhile, old buildings which are landmarks on the main University campus have been deteriorating for lack of money to finance extensive repairs. Besides, older buildings have been shifted into service for purposes for which they were not intended, and adequate alterations have not been possible. For example, the Allyn Building, a former grade school for teacher training, now houses the departments of art and design; and Altheid Hall, formerly a laboratory building for science classes, now holds the University Museum, the music department and general classrooms.

The University, in its capital improvements budget approved by the SIU board of trustees Nov. 15, says it needs \$1,385,000 for a fire alarm system, sanitary sewers, campus lighting and other health and safety factors. If the University is to expand according to plan, it must have \$1,500,000 in the next two years for acquisition of land, and \$391,000 for building a new access road to Highway 51 and for widening and paving Harwood Avenue. Harwood was the southern limit of University property at one time, but it now cuts through the middle of the campus.

Need Residence Halls

The budget request specifies \$283,000 for improvements at the Vocational - Technical Institute campus east of Carbondale where full-time enrollment has grown from 36 to 564 since 1952. The number of adults in evening trades and business courses also has been increasing at a rapid rate.

Plans and specifications have been drawn up for residence halls which would accommodate 675 more students, but legislation may have to be passed permitting the University to use student fees to meet some of this construction cost. The students voted last year on a fee increase which will go into a Student Center Building Fund.

Attempting to ease the strain on the state treasury wherever possible, Southern is trying to construct some buildings which can be financed primarily out of self liquidating bonds. However, the 1957-59 budget request foresees the need for \$3,000,000 from state funds for student housing to supplement borrowed funds. Less than 12 percent of Southern's present student body can be housed in permanent campus residence halls.

Progress for Region

Also, some \$550,000 of the \$3,600,000 it will take to build the Student Center is requested for basic utilities extensions.

"The projected needs for Southern's campus have been carefully and conservatively planned, and every effort has been made in our building program to save money for the taxpayers of Illi-

nois," said University President D. W. Morris.

"The \$39,319,000 capital improvements request for the next biennium is large," Morris commented, "because we have the dual problem of catching up with the past enrollment trend and trying to keep up with the critical situation that faces us in the immediate and continuing future."

The SIU president said the expansion of Southern's physical plant in the past few years is impressive in many ways, but not nearly so impressive as the upsurge in enrollment figures. The present student body of 6,255 is expected to be at the 700 level next year and to reach 9,000 or more by 1960.

"There has been an encouraging educational awakening in Southern Illinois that portends greater progress and well-being for this region," Morris added. "We can only hope the people of Illinois appreciate the significance of this trend and will give us the resources to keep higher education here on a par with that of other areas."

HTHS Band Plans Easter Trip To New Orleans

The HTHS band, under the direction of Marshall Cothran, is planning a trip to New Orleans over the Easter holidays. While in New Orleans the members plan to take a fifty-mile tour of the city.

The first day there they will visit the historic Chalmette river, Vieux Cave (French Quarter), and modern New Orleans parks and gardens. The second day, they will take a 2½ hour boat trip around the harbor. Plans for the third day include a circle tour of the garden district. The group will visit Lake Pontchartrain Amusement park on the fourth day, before leaving for home.

They plan to finance the trip by various fund raising activities such as a music revue, ice cream social, candy sale, Christmas dance, and Pancake day.

Helicopters Rescue 8 Trapped Trying To Save Climbers

CHAMONIX, France (AP)—French army helicopters shuttling between this ski resort and a refuge 12,000 feet up Mont Blanc today rescued eight men who were trapped in a blizzard when they tried to save two stranded amateur mountain climbers.

The two mountain climbers, critically ill and believed near death or dead, were still on the mountain. Hermann Geiger, Switzerland's famous "glacier pilot," left his home in Sion, Switzerland, today to try to fly them out.

The first two men rescued were two French airmen whose helicopter crashed when they went to the rescue of the two amateur climbers. Then the shuttle service brought out the other guides and radio operators.

The two mountain climbers whose plight touched off a chain reaction series of mishaps involving eight other men were Frenchman Jean Vincedon, 23, and Belgian Francois Henri, 24. Both were in critical condition when a blizzard forced the eight others to abandon them Tuesday night.

First Christian Loyal Daughters Class Meets

The Loyal Daughters class of the First Christian church met Tuesday evening with Mrs. Gladys Parker, 600 West Parish, Mrs. Leona Meler, president, presided over the meeting which opened with prayer by Mrs. Joe Harris.

For the devotion Mrs. Meler read the poem, "A Quiet Mind." During the business meeting the class voted to give \$100 on the new furnace at the church. Plans were made for the B. and P. W. dinner and cards were sent to shut-ins.

Recreation of Bible Lotto and a Bible quiz was conducted by Mrs. Meler and Mrs. Parker. Mrs. Clara Borders helped Mrs. Parker in serving refreshments of apple pudding and coffee.

Others present were Mrs. Alvey Hawkins, Mrs. Paul Robertson, Mrs. Myrtle Adams, Mrs. Fern Johnson, Mrs. Carrie Corrie, Mrs. William Sloan Jr., Mrs. D. F. Churchwell, Mrs. Harry Farmer and Miss Bess Pemberton.

New Year Social By Business Women's Circle

The Cornelia Leavell Business Women's circle of the First Baptist church met at Santa's cafe for its New Year social. The hostesses were Mrs. Marie Cooley, Mrs. Bertha Wilson and Mrs. Millicent Guard.

The center table, where the president sat, was beautiful with the New Year child nestled in evergreens, flanked by large white candles.

After the business meeting, Mrs. Thelma Josey gave the lesson which was based on Missions in the Mississippi basin. This lesson was interesting as it was based on nearby missions.

Others present besides the hostesses were Miss Fern Moore, Miss Sara Cole, Mrs. Edna Lewis, Mrs. Laverne Clayton, Mrs. Gertrude White, Mrs. Harriett Land, Mrs. Amy Miley, Mrs. Esther Barger, Mrs. Hazel May, Mrs. Susie Boardman, Mrs. Bea Sprung and Mrs. Thelma Josey.

The next meeting will be a dinner meeting in the Educational building at the church.

Mr. and Mrs. George Whitney, Carrier Mills, were visited during the holidays by their son, Sam Whitney and family, from Harrisburg, Ill.

Mrs. W. A. Dorris left this morning for Columbus, Ga., to visit with her son and daughter-in-law, Sgt. and Mrs. George Dorris, and son, Steven, and new baby Cindy Jo.

Dan C. Brown has returned to the University of Missouri, Columbia, Mo., after having spent the Christmas vacation with his parents, Mr. and Mrs. V. V. Brown, at the Harrisburg Motor hotel.

Miss Fulkerson, a graduate of Pope County high school, is employed at Illinois Mutual Casualty company of Peoria. Mr. Swanson is a graduate of Mid-County Senior high school and is employed at Peoria Hyster company. A June wedding is planned.

Herbert Cummins, son of Mrs. Laura Cummins, spent the holidays visiting his mother and his sister, Mrs. John Cape and family in this city. "He is a student in the college of Business Administration at Butler University, Indianapolis, Ind., and is also employed as an assistant accountant after classes. He returned to Indianapolis Tuesday.

Announce Marriage of Miss Barbara Evans And Joe Miller

Mr. and Mrs. Harry Evans are announcing the marriage of their daughter, Barbara, to Joe Miller, son of Mr. and Mrs. Cecil Miller of Harrisburg RFD 1.

The double ring ceremony was performed by Rev. Paul Dann at his home in Benton on Friday, Dec. 21.

Miss Pat Morgan was maid of honor and Curtis Miller served as best man.

They are both graduates of the Harrisburg Township high school. The bride is employed at Western Adjustment and Inspection Co. and the bridegroom is a student at Southern Illinois University.

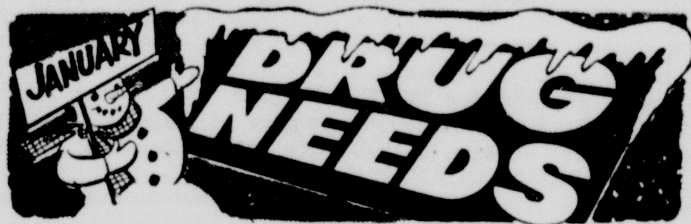

They are at home at 119-B West South street in Harrisburg.

Honor Grace Kelly

NEW YORK, Jan. 3 (E.P.)—According to a report heard over WQXR, the radio station of the New York Times, the Consul General of Monaco reports "the Grace Kelly wedding stamps are completely sold out."—However, these stamps may be obtained from the Elmont Stamp Co.

Because the wedding set has evoked a lively interest in stamps of Monaco, Elmont's Paris Office has prepared a collection containing the Grace Kelly set of five, the Prince Rainier enthronement set of six stamps, the Bosio art set and the large sized diamond Olympic set; a total of 22 mint stamps for just \$1.00 to introduce Elmont's approval service.

Suit Filed as Result Of Boat Collision On Crab Orchard Lake

MARION, Ill. (U.P.) — Two Belleville men have been sued for \$2,500 as a result of a boat collision on Crab Orchard Lake near here.

Clyde Shelton of Carbondale and Roy Vaughn of Carbondale charge that their 21-foot boat was sunk by a 12-foot craft operated by Charles Petri and owned by Richard Koderhardt.

Name Group To Help Make Bridge Toll Free

INDIANAPOLIS (U.P.) — Governor Craig appointed a three-man committee today to work with Illinois in efforts to make the new Harmony Bridge over the Wabash river toll-free.

The Hoosiers will form half of a six-man Illinois-Indiana committee in connection with an agreement between Craig and Illinois Gov. William G. Stratton, made some time ago.

The appointees are: Otto N. Frenzel, chairman of the Indiana Toll Bridge Commission; Russell Cooper, chief engineer of bridges for the Indiana Highway Commission; and Joseph O'Daniel, an Evansville businessman.

Hodge Ordered To Report on Repaying Money

CHICAGO (U.P.) — Federal Judge John P. Barnes today ordered Orville E. Hodge brought here from Menard State Prison Monday to tell how he is repaying the money he stole from the state.

Barnes set a hearing Monday on the restitution of funds which Hodge obtained from the state treasury during his term as state auditor.

Hodge has been sentenced both to state and federal terms for the theft of the funds, which have been estimated at 1 1/2 to 2 million dollars.

Barnes gave Hodge a 10-year term, with 10 years probation contingent on whether he makes restitution of the money he stole.

Chinese Nationalist Planes Drop Leaflets Over Peiping

TOKYO (U.P.) — Nationalist Chinese planes were reported to have flown over Peiping today for the first time in eight years.

Their sorties came shortly before Red Chinese Premier Chou En-lai returned from an abruptly shortened tour of Asia for his impending visit to Moscow.

A Chinese Nationalist air force spokesman on Formosa said Nationalist planes rained tons of leaflets on Peiping and 12 other key mainland cities today in the biggest such raid since 1949.

geant-at-arms, and Robert G. Baker for secretary for the majority.

GOP Picks Saltonstall

Senate Republicans elected Sen. Leverett Saltonstall (Mass.) chairman of their conference, which is made up of all GOP senators. He succeeds Sen. Eugene D. Millikin (Colo.) who did not run for re-election.

Sen. Everett M. Dirksen (R-Ill.) was selected to succeed Saltonstall as Senate GOP whip. The whip will act as assistant to Senate GOP Leader William F. Knowland (Calif.).

Mr. Eisenhower will go before a joint session of Congress Saturday to ask for a congressional blessing of the administration's new Middle Eastern policy. He wants Congress to authorize \$400 million in economic aid for that area and the use of U. S. troops, if necessary, to deter Russian aggression there.

Indications were that Congress will grant the President's request after long hearings.

Granted Divorce

In city court Wednesday, Judge L. M. Hancock granted a divorce to Ernestine Roper Heiskari, and Ed Heiskari and she resumed the name Ernestine Roper. Mr. Heiskari, who has been operating a drag line in Minnesota, is back in Harrisburg for the winter.

In circuit court a petition for divorce has been filed by Geraldine Thornberry against Roy Thornberry.

There are some politicians who would stay in the middle of the road even if they had to pave the whole country.

At noon the Dow-Jones averages were: Industrials 497.42, up 1.39; rails 154.03, up 0.51; utilities 68.46, up 0.13, and 65 stocks 173.83, up 0.48.

Family of Six Burns to Death

JEFFERSONVILLE, Ga. (U.P.) — A family of six burned to death today when flames destroyed their home near here.

The early morning blaze killed A. Lucius Ringwood, about 40; his wife, Mrs. Bertha Ringwood, also about 40; and their four children.

Police are investigating the fire to try to determine the cause.

Brightman Succeeds Fritchey as Democratic Deputy Chairman

WASHINGTON (U.P.) — Samuel C. Brightman, publicity director of the Democratic National Committee, today was named deputy committee chairman for public affairs.

He succeeds Clayton Fritchey who resigned.

In his new post, Brightman will edit the Democratic Digest, official magazine of the national committee.

Brightman has been committee publicity director since 1952. He is a former Washington correspondent for the Louisville Courier Journal.

Eden Follows U. S., France in Rejecting Soviet Request

LONDON (U.P.) — British Prime Minister Anthony Eden today joined France in rejecting "in the present circumstances" a Soviet request for a five-power disarmament conference.

Eden's action, announced by the Foreign Office, followed the lead set Wednesday by President Eisenhower and matched by a similar French rejection today in Paris.

A Foreign Office spokesman said "Eden's rejection of a five-power conference was contained in a note sent to Soviet Premier Nikolai Bulganin and released here today.

The five nations suggested by Russia were the Soviet Union, Britain, France, the United States and India.

Ballot Error Voids Flora Vote on \$300,000 School Bond Issue

FLORA, Ill. (U.P.) — Flora citizens will have to vote all over again on a \$300,000 school bond issue proposal.

An error in the ballot of a Dec. 15 referendum voided the result. Flora School District residents voted 670-31 in favor of the proposed bond issue to finance a new grade school building.

The district board of education reported the mistake Wednesday night.

Zeigler Coal and Coke Purchases Mines Near Sparta

CHICAGO (U.P.) — Zeigler Coal and Coke Co. has bought the Bradbury Mines near Sparta, Ill., for between two and three million dollars.

The company Wednesday announced the purchase of the 7,500-acre property from Midwest Utilities Coal Corp., New York City. Zeigler already owned 3,500 acres adjacent to Bradbury Mines.

The Bradbury Mines produce about 800,000 tons of coal a year. Acquisition of the mines will boost the production of Zeigler properties to about 4,000,000 tons a year.

A company spokesman said Harry W. Bradbury will continue to be in charge of the Sparta mines and "no change in operations" is planned.

Judge to Hear Motion to Dismiss Complaint at Carmi

CARMI, Ill. (U.P.) — Circuit Judge Caswell Crebs will hear a motion to dismiss a complaint against the Carmi city administration Saturday.

The complaint, brought by the Carmi City Improvement Organization, sought to restrain the administration from the alleged use of city funds for city obligations rather than maintenance and operation of the city-owned utility plants.

The complaint also charges that the utility fund expenditures have not been kept in a separate account as required by law.

Mrs. Charlie Cowser Of Herod Dies

Mrs. Lottie Cowser, 64, wife of Charlie Cowser of Herod, died at 6:45 Wednesday morning in the Hardin County General hospital at Rosiclare.

The body is at the Barnett funeral home in Elizabethtown. Funeral services will be held Friday at 1 p. m. at Bethany General Baptist church in the Hicks Branch community. Rev. Nomas Summers will officiate, assisted by Rev. Ralph Ferrell. Interment will be in the Rodgers cemetery.

Canadian Pacific Rail Operations Halted by Strike

MONTREAL, Que. (U.P.) — The coast-to-coast operations of the Canadian Pacific Railway were tied up today by a strike of 2,800 firemen. Picket lines were honored by all other operating employees.

The strike cut off half of Canada's train service and in some points threatened isolation and possible food shortages. Residents of remote communities in northern Ontario, particularly, geared for a tough time and hoped for an easy winter without much snow, which would make roads impassable.

Airlines stood by to bring out extra equipment usually called into service only at peak travel periods such as Christmas and other holiday weekends. The Canadian Trucking Assn. promised to "see the nation through" and give priority to food, medical supplies "and other urgent priority shipments essential to human life." The CTA represents operators of 75,000 public vehicles and 845,000 privately-owned trucks.

Prime Minister Louis St. Laurent, who spent the holiday in Quebec City while his cabinet aides tried unsuccessfully to persuade the Brotherhood of Locomotive Firemen and Enginemen to call off the strike, listed the rail dispute as the top item for discussion at the cabinet's first 1957 meeting today. The strike began Wednesday afternoon.

The strike issue centered around

Resume Production At Olin Mathieson

EAST ALTON, Ill. (U.P.) — A one-week strike ended at Olin Mathieson Chemical Corp. Wednesday.

Officials of the Chemical Workers Union ordered pickets with drawn and production was resumed.

Merle Bassett, union lawyer, said the National Labor Relations Board had informed him it would rule against the union demand for a wage hike of 11 cents an hour and 2 1/2 time holiday pay.

Some 4,800 workers had been striking.

Woman, Five Children Burn to Death

READING, Pa. (U.P.) — A woman and five children of pre-school age were burned to death today when a flash fire swept a one-story frame home at nearby Temple.

The dead woman was the grandmother of two of the children and the aunt of the other three.

Firemen said it was believed the children were in bed when the fire broke out. They said the fire apparently started from a kerosene stove, which may have been leaking.

The use of firemen on diesel trains. The railway contended that firemen-helpers were unnecessary on yard and freight diesel locomotive service. The union argued that firemen were needed if diesel engines were to operate safely and efficiently. A federal conciliation board's majority report ruled last month mostly in favor of the company.

Congress Alters Everything

WASHINGTON (U.P.) — House Republican Leader Joseph W. Martin Jr., Mass., asked Wednesday if Congress might alter President Eisenhower's Middle East resolution, replied: "Even the Lord's Prayer would be changed if it were presented to Congress."

Christmas Lights Uptown to Be Removed Soon

With January sales in full swing, Harrisburg's last vestige of Christmas is the Christmas lights, which will be removed next week by the linesmen of the General Telephone Co. of Illinois, according to Chief of Police Ross Lane.

Traffic began to pick up this week among the income tax compilers, who are preparing returns for many farmers especially this month.

The Internal Revenue office moved during the past year to the Rose building. Office room formerly occupied by this bureau is now occupied by the office of the Saline County Soil District, which moved to the front southwest room of the city hall in November from its former location at the rear of this building. The present location is much roomier and more accessible to the public. Thomas Morgan, in charge there, is preparing to present an annual report of the district to be submitted to the soil conservation committee at an annual meeting to be held in February.

Fire Department Reports Two Blazes

Two fires, a short distance apart, occurred Wednesday morning. At 10 o'clock the booster truck was hastened to the workshop of the Irvin Appliance Co. on East Poplar street, where a defective flue had set the frame building afire in the attic. This is the small residence next to the appliance store, and the fire was extinguished with very little damage done.

Firemen had just returned to the station when the second alarm called them to the Tison & Hall plant on U. S. 45. Fire Chief Looney Martin, reported. At the loading docks there workmen were thawing out the doors of cars on which material is loaded and their fire was swept by wind to the frame building above the loading dock. It was saved from any large damage by quick work of the booster truck and firemen.

Flames Kill Family of Five

MARSHALL, Mo. (U.P.) — A family of five perished early today when flames razed a four-room house five miles northeast of Marshall.

Deputy Sheriff Henry Hoff identified the dead as Orville Swisher, 37; his wife, Edith, 34, and three children, Larry, 3, Linda Jean, 9, and Orville Wayne, 5.

Hoff said the victims apparently suffocated from smoke as all were in their beds. An overheated stove was believed to be the cause of the fire.

Lenny Moore Pro Rookie of Year

NEW YORK (AP)—Lenny Moore, former Penn State halfback who led the Baltimore Colts in scoring last season with 54 points, today was named the National Football League's outstanding 1956 rookie in the annual United Press poll.

The 23-year-old Moore, a native of Reading, Pa., is the second straight Baltimore player to win the rookie poll. Alan (The Horse) Ameche, former Wisconsin All-American who put in his second season with the Colts in 1956, was the 1955 winner.

Moore beat out Preston Carpenter of the Cleveland Browns for rookie of the year honors in voting by 25 sports writers who covered the campaign in the various NFL cities.

Moore received 10 votes. Carpenter, former University of Arkansas halfback who set a Cleveland record in 1956 by carrying the ball 188 times, received six votes.

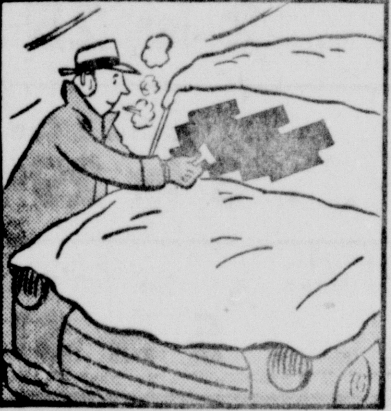

Sam Huff, a first-year player from West Virginia who won the starting middle guard berth with the champion New York Giants, placed third with four votes.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

The winter season is already underway and if you have not yet made a thorough checkup of your motor vehicle, you should do so now. Here are a few tips on what to do when going over your vehicle to put it in top notch shape for winter driving.

Check your windshield wiper blades to make sure they are in

good working order. Many motorists carry a plastic scraper and brush for use on their windshields and windows. Also check and make sure your defroster is working properly.

Be certain that enough anti-freeze is in your vehicle should there be a sudden temperature drop. Before putting in anti-freeze, check your heater hose and radiator connections.

Brakes and tires should be checked. If you have the chains, have them checked for repairs and worn links. Don't attempt to put on the chains while the engine is running. Many drivers put a bag of coarse sand or gravel and a small scoop in the trunk of their vehicle for use on icy pavements.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Russell Stands Out on Defense

NEW YORK (AP)—Bill Russell's amazing defensive feats overshadowed even Bob Pettit's continued scoring spurge today in the National Basketball Assn.

Official NBA weekly statistics issued today disclosed that rookie Russell of the Boston Celtics, college basketball's "player of the year" in 1956 with San Francisco, racked up a grand total of 112 rebounds in four games during the week.

Russell has merely accounted for 35 per cent of all Celtic rebounds in games he's played, 20 per cent of all rebounds by both teams.

Virtually unnoticed, 6-10 Pettit of the St. Louis Hawks tallied 134 points in four games to cement his leadership in six different departments—total points (806), average points (26.9 per game), field goal attempts (633), field goals scored (274), free throw attempts (337) and free throws scored (258).

Bull Dogs Idle Until Jan. 11; Other Games This Week

The ITHS Bull Dogs will be idle until Jan. 11 when they will play the Benton Rangers at Davenport gym. However, most teams in this area will be active both Friday and Saturday nights.

Friday night's games will find Carrier Mills at Shawneetown, Thompsonville at Equality, McLeansboro at Eldorado, Herrin at West Frankfort, Centralia at Benton and Marion at Mt. Vernon.

Saturday night Cartersville will play at Carrier Mills, Pope County at Shawneetown, West Frankfort at Eldorado, Vienna at Shawnee and Centralia at Moline.

"That's right, Mom! Marge is sensible, and I know it's not sensible to think of marrying now—but when we're together we forget how sensible we are!"

THIS 1957 MERCURY CONVERTIBLE CRUISER—the most powerful pace car in history, will lead the nation's 33 fastest racing cars across the starting line next Memorial Day to officially open the 41st running of the annual 500-mile race at the Indianapolis Motor Speedway. Francis C. (Jack) Reith, general manager of the Mercury Division and a Ford Motor Company vice president, is behind the wheel of the 290-hp pace car which he will drive to start the race. Beside him is Anton Hulman, Jr., Speedway president, who will give the starting signal to the onrushing drivers. Exact duplicates of the Official Pace Car will be sold by Mercury dealers all over the country.

Fullmer Wins Middleweight Title From Robinson; to Grant Return Bout

'Foul Fight' Charges Hurlled by Sugar Ray's Managers

NEW YORK (AP)—Young Gene Fullmer, the Utah battering ram who won Sugar Ray Robinson's middleweight crown with a murderous close-quarter attack, said today he would grant a return title shot to Ray and his "foul-fight" screaming handlers.

"We'll take the return fight," said Robinson's co-manager, Harold (Killer) Johnson of Chicago; "but first we'll file an official protest Friday against Referee Ruby Goldstein for permitting Fullmer to butt, leer, rabbit-punch and wrestle throughout the bout."

"That's right," said Co-Manager Ernie Braca of New York. "We'll file the protest with the state athletic commission Friday to make sure there's a competent referee in the ring next time. And then Ray will beat that street-fighter." Floors Robinson

Young Fullmer, who floored Robinson once and wrestled him to the canvas once — breaking the ring ropes, won a lop-sided, unanimous, 15-round decision before a near-capacity crowd of 18,134 fans, who paid \$194,645 to witness the age-vs-youth classic. But the bull-shouldered new champion is bound by a return-bout contract to grant Robinson another shot at the title within 90 days.

Physicians who did the six-stitch taping on Robinson's gashed left brow said the wound would be healed in plenty of time for him to try to win the 160-pound crown for the fourth time, within 90 days. The brow was slightly cut in the fifth round, and opened bloodily in the 14th.

Although Sugar Ray lost his cherished diadem, he was somewhat consoled by a purse of \$152,465, resulting from his 47 1-2 per cent of the net gate and \$60,000 from TV-radio. Fullmer, who would have fought for nothing to get the title, got exactly nothing from TV-radio,

but his 12 1-2 per cent of the net gate came to \$24,330—largest purse of his career.

Uses "Heady" Tactics

Dark-haired Fullmer, 25, of West Jordan, Utah, won the title by a wide margin through the use of headlong but "heady" tactics.

Scaling 157 1-4 pounds to Robinson's class-limit 160, he became the first Utah-born scrapper to win any world crown by letting Robinson do most of the advancing and leading, and then plunging in with terrific, countering barrages to body and head.

At 35, Robinson's legs no longer were fast enough to take him out of range of the straight-forward rushes. And the Fullmer barrages forced the once-great champion to fall into clinch after clinch, where he was practically "moldered" by left hooks to the body, and short, clubbing over-hand rights to the side of the head.

Roughness reached its peak in the sixth round when they wrestled to the canvas, landing enroute on the lower ring rope and breaking it. The clock was stopped an additional 25 seconds between the sixth and seventh rounds while workmen tried to repair the rope. But it fell down again in the 10th, and a few extra seconds were required to remove it entirely.

Takes Ray's Best

Fullmer, who never was stopped in 40 previous fights, proved himself amazingly rugged by taking the best shots—right on the chin—from the once-great old master, who had knocked out 90 of his previous 146 opponents. Gene not only took them, but he came fighting back.

Sugar Ray's best rounds were the fourth, ninth and 12th. They were the only ones given him by all three ring officials, although he got two of their votes for his gallant finish in the 15th.

The three ring officials favored the Westerner on a rounds basis as follows: Referee Goldstein, 8-5-2; Judge Harold Barnes, 9-6, and Judge Frank Forbes, 10-5. The United Press agreed, 9-6.

West Frankfort, Herrin Tangle Friday in South Seven Contest

By United Press

Collinsville, newly crowned champion of the Centralia holiday tournament, plays host at its own four-team round-robin, while Herrin collides with West Frankfort and Rock Island tangles with Rockford West in prep basketball features this weekend.

Collinsville, which ran its season mark to 10-0 with a squeak victory over Pinckneyville in the final at Centralia, will collide with Carlinville in the first game of the tournament Saturday afternoon. The second game matches Sparta and undefeated Madison, which won the Wood River holiday tournament. The winners will meet Saturday night.

Twelfth-ranked West Frankfort, which won its own Egyptian holiday tourney, clashes Friday with Herrin, which has lost only to Collinsville and which is ranked ninth. In another South Seven contest Friday Marion will meet the Rams at Mt. Vernon.

Fifth-ranked Rock Island, which suffered its first setback of the season in an upset by Chicago Heights Bloom last Friday, meets defending state champion Rockford Saturday. The Warriors, ranked sixth, lost their second game of the season to Peoria Central last Friday.

Undefeated Springfield Lanphier, ranked 11th, which took a layoff during the holidays, gets back into action Friday against Pana, and Saturday against Peoria Manual.

Two other undefeated clubs which rested during the holidays—Effingham St. Anthony which has won eight straight by an average of 40 points, and Carbondale Attucks, 12-0 for the season so far—also resume play. St. Anthony meets Cowden and Attucks runs into Cairo Summer.

Peoria Central which has racked up five straight victories, meets Peoria Spalding Saturday.

Once-beaten Pekin takes on Peoria Limestone. Fourth-ranked Rock Island Alleman, which also fell victim to Col-

Top Stars Compete In Celebrities Event Of Los Angeles Open

LOS ANGELES (AP)—The celebrities event, prelude to the rich Los Angeles Open, was staged at the Rancho Golf Course today with top stars from the pro golf circuit and stage, screen and television competing.

The \$2,500 prize in the 18-hole event attracted such stellar names in the world of golf as National Open champion Dr. Cary Middlecoff; Masters and PGA champion Jackie Burke, Tommy Bolt, Gene Littler and many others.

The entertainment field offered Bob Hope, Dean Martin, Buddy Rogers, George Gobel, Mickey Rooney and Howard Keel, to name a few.

The competition for the top money in the \$37,500 open starts Friday with the final 18 holes of the 72-hole event set for Monday.

Hall to Resign As GOP Chairman After Inaugural

WASHINGTON (U.P.)—Leonard W. Hall will step down as Republican national chairman some time after President Eisenhower's second-term inauguration Jan. 21, administration sources said today.

No date for Hall's resignation has been set, these sources said. A GOP committee spokesman formally denied published reports Hall will quit Jan. 19, the day the committee is slated to hold its next meeting here.

Authoritative administrative sources also denied a report that Fred C. Scribner Jr., general counsel of the Treasury Department, has been picked as Hall's successor.

There have been reports that Hall would take a high government post or run for governor of New York. Hall thus far has declined to reveal his plans.

More Classrooms, Teachers Needed

WASHINGTON (U.P.)—The nation needs 120,000 new classrooms and 180,000 additional teachers to close the gaps in its public school system, according to a report by the National Educational Association.

Shortages of qualified teachers and classrooms, together with mounting enrollment, deprived 840,000 students of full-time schooling in 1956, the report said.

It estimated total enrollment of public school children in the current school year at 32,338,688, an increase of 1,197,350 over the 1955-56 school year.

The report added that teacher-training institutions are not turning out teachers fast enough to keep pace with this enrollment increase.

Other highlights of the report: School systems still employ some 80,000 teachers who are not fully qualified.

Average annual salary is now

\$4,025 for elementary teachers and \$4,560 for high school teachers, an increase of 4.7 per cent over last year. Despite increases, nearly 71,000 teachers are receiving less than \$2,500 a year.

Total annual teacher turnover,

based on records from 42 states, is estimated at 114,000. Of this number, 92,000 will drop out of teaching and have to be replaced. Current school expenditures are up \$731 million over last year.
